- X =Product contains ingredient derived from this food
- \* =Product does not contain this allergen, but was prepared in a facility that processes or may process other products with these ingredients
- ± =Rita's Cream Ice Flavors contain sodium caseinate, a milk derivative

Nutrition and Allergen Information provided is based on our standard product formulations and menu; allergen information is for the 8 major food groups that account for most food allergens as per the Food Allergen Labeling and Consumer Protection Act of 2004 . Variations may occur due to product preparation, recipe alteration, and/or ingredient substitution. Limited Time Offers, Feature Flavors, or Test Products may not be included with the above; however, Guests may contact our Guest Services Department for more information.

Persons with food allergies are recommended to review allergen information before consuming. All of our products are currently derived from nut-free sources. Please note however, that some of these products or ingredients may be manufactured in facilities also processing nuts or nut-containing ingredients and we are unable to prevent their cross-contact with such allergens. If you have any questions, contact us using the Guest Feedback form on our website.
